SKILLS :

-Python

-SQL

-Data Structures

-Java

-JavaScript

-Git

-Arduino

PROJECTS:

Remote Control Obstacle Avoider Robo Car

- Engineered a remote control obstacle avoiding car to help avoid accidents with the help of Arduino UNO and electrical components.
- Wrote a research paper on this project and received a Certificate of Acceptance from IJSER publication.

Augumented Reality Solar System

- Developed an Android mobile AR application that shows the entire Solar System based on a marker.
- Application was made using Unity Engine software and Vuforia package.

Starbucks store locator

- Engineered an online platform integrating Google Maps API with web development that helps you locate nearby Starbucks outlets by entering your pin code.

ACHIEVEMENTS:

HackerRank 5-Star in Problem Solving

HackerRank 5-Star in Python, SQL, 30 Days of Code

Perform Foundational Data, ML, and AI Tasks in Google Cloud

TechGig Code Gladiators 2020-Finalist

EXPERIENCE:

Software Engineer
Newgen Software Technologies │ June 2021-Jan-2022

- Extracted data coming into system from the client API into readable formats and displayed on company software UI.
- Made critical changes in the code by efficiently reading logs to avoid failure in deployment

Associate Technical Consultant
LinkedERP │ Feb 2021-May 2021

- Helped develop a Warehouse Management System for Indonesia's largest petrochemical producer- Chandra Asri Petrochemical.

Python Developer Intern
Trivia Softwares Jul 2019-Sept 2019

- Implemented Management System Design in Python by using tkinter module for GUI and cx_oracle module for database CRUD operations.
- Added features like "Thought for the day" and "Daily temperature" using bs4 module.

CERTIFICATIONS:

Microsoft Technical Associate: Introduction to Programming (Python)
Feb 2020

Star Cyber Secure User(R-11)
May 2020-May 2023

HackerRank: Problem Solving(Basic), Python(Basic), Java(Basic)
June 2020

Techgig:Certificate of Excellence(Python)

EDUCATION:

Bachelor of Engineering (Information Technology)
University of Mumbai│2021
CGPA : 8.67

High School Certificate (Science)
KJ Somaiya college of Science and Commerce│ 2017
Percentage : 75.08

Secondary School Certificate
Holy Cross High School│ 2015
Percentage : 87.60
